

The Madawaska Highlander

Dec.
2014
FREE Vol.11 Issue 6
December to April

Celebrating Cottage and Country Life in Madawaska & Addington Highlands of Eastern Ontario

Winter is a magical time in the Highlands, with so much to do and so many reasons to gather with friends and family.

Welcome!

...To residents in Cloyne! We have extended our mailing to include all residences, farms and businesses in Cloyne. If this is the first time receiving free home delivery, you are in for a treat. This is a community newspaper unlike any other, bringing you everything you need to enjoy rural and cottage life in the Madawaska and Addington Highlands. We have just enough headlines to provoke thought, some in depth discussions, fun and fascinating stories from the old days, and in this, our Christmas and Winter Fun issue, we have engaging topics ranging from watershed health, to cutters, cats, long johns, and UFOs!

Check the Events Calendar for events in your area. We print what you send in, so if your event is missing or incorrect, be sure to email updates for our first issue in 2015 (Publishing May 6, Contribution deadline April 24.)

This month, event details from Northbrook and Cloyne are in Garry Ferguson's Griffith & Matawatchan News column. Our community paper depends on the community, so if you live in White Lake, Dacre or Cloyne area and would like to contribute news and events, please get in touch. It's a labour of love (i.e. no pay), but the rewards are great and so is the work environment!

Enjoy...
