Welcome!

...Both new and faithful readers and thank you for your encouraging words and ideas!

Because we publish mid-month, about 10 days before long weekends, it can be hard for you to know if you have the current Madawaska Highlander, so beginning this month we're labelling differently. The last paper was July, even though it covered mid July to mid August. This one is labelled Aug-Sept., then Sept-Nov., and finally Dec.

The Madawaska Highlander is like an Oreo cookie. Everyone reads it differently. Most do read it all the way through over a month or so. To get the most out of every issue, we recommend reading it like a book. The news and events are at the beginning, followed by stories that can be enjoyed at any time.

Don't forget to look at all of the advertising! The ads not only represent goods and services you might be looking for right now, but they also include special prices, new products and of course, events you won't want to miss!

Next time you ask yourself, "Why didn't I know about that?", ask yourself if you have read all of the Madawaska Highlander, yet.

Enjoy...
